President's Message: Thank You – Thank You Yes a big thanks to all of you for making this a very enjoyable year. I have made new friends and felt a real sense of camaraderie this year. Training night while sometime seeming very hectic was also very rewarding. Introducing and helping new flyers is very gratifying when you see a trainee make their first successful flight. A special thanks goes out to everyone who helped with training night this year. What a great bunch of Guys!

Lets end the year on a positive note by sharing a little Christmas cheer at our annual Christmas Party.

Don't Forget: Ute Christmas Party

Place: Golden Coral, 8800 South Redwood Rd.

Date: December 11th

Time 6:30 pm. To 9:00 pm.

Then lets start 2009 off right, Come out to the FREEZE FLY on New Year's Day. Enjoy some hot chocolate or coffee and great tasting chili.

Don't Forget: Freeze Fly

Place: Jordan Model Port

Date: January 1st, 2009

Time: 10 am. to 1:00 pm.

Remember we will be raffling off a new Spectrum DX7 TX, RX with flight pack. [Note: Get your raffle tickets early and get them often. I hear the winning ticket hasn't been sold yet. Raffle should be around noon or when frostbite sets in whichever is sooner.]

Merry Christmas and Happy New Year - Tom

November Election Results: President: Tom Winter, Vice Pres: Brian Sorenson, Treasure: Aaron Loertscher, Sec: Mike Passey, Fun Fly: Ken Gardner & AJ Carlson, Safety Officer: Doug Dorton, Newsletter: Alan Witzel. While not an elected position we can not forget our Webmaster: Mat Barnson.

November Meeting:

The meeting was a lively brand of chaos that makes things kind of fun. Steve W. showed his new E-Flight F4U Corsair. Evan H. showed his mystery plane. Is it a Cessna? No idea. Dave S. showed another one of his great creations: a scratch built B1. Doug D. showed a lipo for the DX7 transmitter he got from Hobbycity.com. That lipo and Doug's little switcher supply in that transmitter should give that DX7 about 1 million years of battery life. That is almost enough. Jerry S. showed his VQ Models KI-100 ARF that he got for about \$170. Finally, Wade J. showed a Turnigy battery charger for \$40. After all that mayhem we relaxed and watched Randy H's slide show of the latest electric aircraft action from Nevada.

Dave S with his scratch built bomber

Jerry S with his ARF fighter

Steve W with his RTF fighter

Wade with his gadgets – what no warbird?
