PRESIDENT'S MESSAGE

This year's turnout at the Warbirds/Expo fun fly was phenomenal. The parking lot on Saturday was full and there were lots of spectators and flyers on both days. Weather for the event could not have been better, with clear blue skies and only light winds to contend with. Many thanks to everyone who helped at this year's event.

As always, there are a few who go above and beyond for the club that deserve special mention: Mike Passey and Robert Clark who must have made 40 or more training flights between them, Matt Barnson and Scott Davis who kept the spectators informed and entertained as the announcers for this year's event. Then there's Steve, Dave and Lee who manned the concession stand, and members like Carl, Wade and Mike Ellsworth who donate prizes for the raffle.

A special mention goes to Scott Davis. After winning one of the scooter bikes at this year's raffle, Scott gave his prize to one of the little girls who help us draw the raffle tickets. She was really excited! Way to go Scott.

We can not go without mentioning our sponsors for this year's event, Some Dude's Hobbies (Pat), West Valley Hobbies (Tony) and of course Macy's Foods (Darin).

Please show your support by shopping at one of these locations. It is through their continued support that we have a profitable and successful event each year.

Many more photos and videos will be available online at UteRC.org !!!!

Just a reminder, we could use your help at training night, so if you have time on Wednesdays come out and lend a hand.

Keep yanking and banking... Tom

AUGUST MEETING RECAP

- Say hello to one of our newest members, Lee Sorenson
- Doug Dorton discussed the C.G. Requirements for his E-Flite L-4 Grasshopper
- Jim Buchmann showed his Hangar 9 Sopwith Camel ARF, which he said had “weak and poor fitting parts”, Jim also showed his new heavy duty AXI motor, with outer radius bearings, which he plans to install in his JN-4 “Jenny”
- Randy Holt displayed his CMP Giles-202 with SV32 gas engine
- Richard Marshall brought his recently completed WACO biplane, he then explained some of the techniques he uses to achieve such a smooth clean finish

Lee Sorenson

Got Smoke? Need Smoke?

Contact MDW Aviation Associates Utah Distributor:

Scott Davis (801) 824-6909 [scott_airplanes \(at\) msn.com](mailto:scott_airplanes(at)msn.com)

5 Gallon Pale or 55 Gallon Drum Super * Dri Brand Aviation Smoke Oil. A superior, professional smoke fluid which provides intense smoke and high persistence. Exceeds competitor's burn time, crystal clear, non-volatile, and easy to handle. May use electric pump for filling on-board tank. Will not attack foam.
