Presidents Message: Looking at the snow falling outside my window I think the flying season is over for most of us fair weathered pilots. I think all and all we had a great year, we had good weather for our events the club field was flyable almost 100% of the summer. Our club roster has grown with the addition of eleven new members by my count. So yes it has been a good year. Thanks for your support.

Remember to come out and vote for next year's officers at this month meeting. - Tkx Tom

Fun Fly: The October Open House Fun Fly was a success even though it was, because of weather, postponed from the 11th to the 18th. The weather was good and the participation was also good, even though we didn't have as many guests as was expected; the date change probably had something to do with that. As usual, a great lunch was prepared by Steve and Tom. Thanks guys.

The weather will be getting bad and unpredictable, so we won't be having anymore Fun Flies until our Annual on New Years day. Thursday, January 1, 2009. More information will follow as the date gets closer. We want to take this opportunity to thank everyone who participated in helping make this year's Fun Flies so successful. Have fun and fly safe. Mike & Rob

Elections: It's time to elect next year's club officers. Nominees for the various club positions are:

- President – Tom Winter
- Vice President – Brian Sorensen
- Safety – Doug Dorton
- Secretary – Mike Passey
- Treasurer – Aaron Loertscher
- Newsletter - Alan Witzel
- Fun Fly Duo – Ken Gardner and A.J. Carlson

Lets all show up, vote them in, and give them our support.

Club Notes: Here is my usual list of odds and ends from the club meeting. Club fuel prices have gone to \$19 a gallon until further notice. Another load of gravel was put down on the field's drive way. We have a "get until they are gone" sale on Warbird 2008 tee-shirts. At the November meeting the shirts are only \$5 so bring some cash and get some shirts. (They'd make great gifts for grandkids, hint, hint). Next year's Electric Event and Expo/Warbird event have already been submitted to AMA so expect to see them advertised in a few months.

Club Events: The next club events are:

Christmas party - Golden Corral on 8800 S Redwood Rd. Starts at 6:30pm. Show up, pay for your meal (the club will pay the gratuity), and have loads of fun with all the other club members.

January Freeze Fly – At the model port, starts at 10am. More details next month.

First Flight: Wade's B-29 flew for the first time. Jan took some photos of the event. By all accounts it's one great airplane. This plane is yet another great plane from Wade.

The Builder (Wade J) and the Pilot (Randy H).

Got Smoke? Need Smoke?

**Contact MDW Aviation Associates Utah Distributor:
Scott Davis (801) 824-6909 scott_airplanes@msn.com**

5 Gallon Pale or 55 Gallon Drum Super * Dri Brand Aviation Smoke Oil. A superior, professional smoke fluid which provides intense smoke and high persistence. Exceeds competitor's burn time, crystal clear, non-volatile, and easy to handle. May use electric pump for filling on-board tank. Will not attack foam.

More photos of Wade's B-29:

From climb out to final approach it sure looks full scale to me.
