Presidents Message:

Well I don't know about you, but I am ready to get out of the house and go flying. Thanks to Scott and Ryan Davis we now have a new roller to use at our field. Just as soon as the weather permits we need to drag and roll the field to get in shape for this years flying season. It seems the cows wanted to see what we had in our shed, so we have some tracks across the field.

Training night starts April 1st but it looks like the weather is going to put the kybosh on that as well. Mark you calendars for our Egg Drop fun fly to be held on April 18th, Club field starting at 10am. Club meeting will be held April 9th @ 7pm. Be sure to bring some show and tell items, we want to see what you have been up to all winter.

Just a friendly reminder, that it is time to pay your 2009 dues. If you can't make it to the meeting you can mail your dues (checks only) to our Secretary Aaron Loertscher, Address: 76 North River Road Mid way, Ut. 84049. 2009 dues are \$50.00 singles, \$60.00 family and \$25.00 for non-flying members.

Tkx Tom

1. Tips & Tricks

2. Balsa Dents

3. When you accidentally dent a piece of balsa during construction of a model, try this old cabinet-maker's trick. Put a few drops of white vinegar on it instead of using filler. The vinegar will pull 99% of the dent out. Works best overnight. Try it; it really works!

4. JUST IN CASE YOU HAVE FORGOTTEN WHAT GOOD FLYING WEATHER LOOKS LIKE HERE IS A LOOK BACK AT LAST YEAR.

Got Smoke? Need Smoke?

Contact MDW Aviation Associates Utah Distributor:

Scott Davis (801) 824-6909 scott_airplanes@msn.com

5 Gallon Pale or 55 Gallon Drum Super * Dri Brand Aviation Smoke Oil. A superior, professional smoke fluid which provides intense smoke and high persistence. Exceeds competitor's burn time, crystal clear, non-volatile, and easy to handle. May use electric pump for filling on-board tank. Will not attack foam.
