

Ute RC Modelers,

The upcoming April club meeting is an important one so please do your best to attend. The meeting is on Thursday April 13th at 7pm in the Murray Heritage Senior Center. We'll be in the usual west conference room again. Rick Marshall will be sharing his photos and associated tales of adventure from his trip to England. As many of you are no doubt aware, there may be more vintage WWI and WWII aircraft, both flyable and static, in England than anywhere else in the world, so I'm sure we'll be amazed at the quality and variety of Rick's encounters with flying machines while he was there. We'll also be discussing the upcoming club events that we'll hold at the modelport.

We'll taking final orders for glow fuel and the new batch of club clothing at the April meeting. Below are the details on each, please either be at the meeting with money to pre-pay or get in touch with an officer to let us know your desired items and arrange for payment. We can't afford to float the cost of many items, so pre-payments are needed to minimize the financial risk to the club.

Raglan T-Shirt		Hoodie Jacket with Zipper		Polo Shirt with Pocket	
Small to XL	\$15 each	Small to XL	\$23 each	Small to XL	\$16 each
